136 Community Building
Leechburg, PA 15656

Cost:

FREE

To register prior to event:

Call 724-842-4641 or
johnston@alleghenytownship.net

Stormwater runoff can create problems like flooding, pollution, and streambank erosion. You can help avoid the problems of stormwater runoff by managing water on your property. This workshop will teach you how to:

- Recognize how stormwater moves across your property;
- Develop a plan to get the water to soak in instead of run off;
- Evaluate options for managing stormwater, like rain barrels, rain gardens, and more!
