

ALLEGHENY TOWNSHIP

WESTMORELAND COUNTY PENNSYLVANIA

CONSTRUCTION PERMIT INSTRUCTIONS

All information is required under the Commonwealth of Pennsylvania Uniform Construction Code Act No. 45 of 1999.

1. Construction permit application(s) are to be completed, signed and dated.
2. Two (2) sets of building plans and/or specifications (if required) are to be submitted with the application for residential construction projects. Three (3) sets of building plans and/or specifications are to be submitted with the application for commercial construction projects. Building plans may be waived at the discretion of the Building Official if work is minor in nature. Information required on building plans is outline on the "Construction Drawings Requirements" in this package.
3. A site plan (survey) shall be submitted with the application.
4. The Municipality must sign-off on the Zoning, Historical District and Flood Hazard forms.
5. Provide proof of Workers Compensation Insurance or complete the addendum application stating that the work will be done solely by the owner or by contractor without any employees.
6. Complete Energy Code Compliance form
7. Sign OSHA Safety Standards Signoff form.
8. Return application with items to the zoning office.

NOTE: This list is not all inclusive and Allegheny Township reserves the right to add, delete and change this requirement list at any time. Additional information may be required by Allegheny Township in order to approve and issue a permit.

CONSTRUCTION DRAWING REQUIREMENTS

Drawings should be drawn to scale and shall provide the necessary information to verify compliance with the Pennsylvania Uniform Commercial Construction Code.

Two (2) sets of building plans and/or specifications shall be submitted for residential construction projects. Three (3) sets of building plans and/or specifications shall be submitted with the application for commercial construction projects.

All construction drawings shall include the following information:

SITE PLAN DRAWING: The construction documents submitted with the application for permit shall be accompanied by a site plan showing the size and location of new construction and existing structures on the site and distances from lot lines. In the case of demolition, the site plan shall show construction to be demolished and the location and size of existing structures and construction that are to remain on the site or plot.

STRUCTURAL DRAWINGS: To include footing construction detail, foundation construction details, framing construction detail, masonry construction detail, wood construction detail, steel construction detail, stair detail and chimney detail as apply.

FOUNDATION DRAWINGS: To include all applicable dimensions including footing sizes with description of reinforcement (if applicable), layout and description of foundation drain system, location of all slabs describing thickness fo slab, base, reinforcement, vapor barrier and any slopes.

FLOOR PLANS: To include location and sizes of all doors, windows, closets, decks, plumbing fixtures, wall and column sizes, thickness and material. Location and type of insulation. To include the use of all areas, and means of egress components.

ROOF FRAMING DRAWINGS: To include size, type, location and anchoring of roof trusses. NOTE: For Pre-Engineered trusses, floor joists and beams, all specifications, bracing and installation instructions must be available at time of inspection.

FLOOR FRAMING DRAWINGS: To include same as above, except for floor joists on each floor.

ELECTRICAL DRAWINGS: To include all lighting facilities, smoke detectors, GFI and ARC fault protection, outlet box size, electrically operated equipment and electrical circuits required for all service equipment of the building or structure.

MECHANICAL DRAWINGS: To include size and type of appliances, construction of flues and chimney system, ventilation air provided, fresh air make-up provide and gas shut-off locations

PLUMBING DRAWINGS: To include a plan view and a riser diagram of waste and water piping, pipe sizing, grade of pipe, drainage fixture unit loads on stacks and drains, water distribution design criteria.

LOCATION _____

**ALLEGHENY TOWNSHIP
BUILDING PERMIT APPROVAL AND ISSUANCE**

1. Upon receipt of approved building permit, such building permit must be posted on the job site so it is visible from the street and remain posted until a final inspection has been made. Approved plans must be retained on the job site. Where a Certificate of Occupancy is required, such building shall not be occupied until a final inspection has been made.

2. The approved building permit will become null and void if construction work is not started within 180 day of date the permit is issued as noted on the building permit. Work must be completed within five years of date of issuance.

REQUIRED INSPECTIONS PROVIDED BY ALLEGHENY TOWNSHIP

These inspections may be scheduled by calling Dave McGuigan of the Building Inspection Department, at 412-821-0337 Ext. 24. Kindly give 2 working days advance notice.

Indicates if required

- _____ Footing – prior to pouring but after reinforcement rods are in place.
- _____ Foundation/Masonry – before backfilling –walls must be parged and waterproofed with required anchor bolts in place
- _____ Electrical – prior to covering structural members PERMIT REQUIRED CONTACT FRED DZUGAN @ 412-821-0337 Ext. 36
- _____ Plumbing – Ground and rough plumbing prior to covering (water or air test)
- _____ HVAC – prior to covering structural members
- _____ Framing – prior to covering structural members, but after HVAC, electrical and plumbing installations. Rough inspection stickers must be on site at this time
- _____ Wallboard – during the installation of wall coverings
- _____ Final Inspection – prior to occupancy. Electrical and plumbing final inspection stickers must be on site at this time.

NOTICE

ALL PERMITS require a final inspection. Request for a final inspection must be at least two (2) working days notice.

NOTE: Work shall not proceed until the inspector has approved the various stages of construction. Failure to obtain required inspections is a violation of the Pennsylvania Uniform Construction Code.

PART 1

The applicant for the building permit, in compliance with Act 44 of 1993, hereby submits (check one):

- Certificates of Insurance OR Certificate of Self-Insurance (please attach)
- Affidavit of Exemption

PART 2

Basis for exemption (check one):

- Applicant is an individual who owns the property
- Contractor/Applicant is a sole proprietorship without employees
- Contractor/Applicant is a corporation, and the only employees working on the project have and are qualified and "Executive Employees" under Section 104 of the Worker's Compensation Act.

Please explain: _____

- All of the contractor/applicant's employees on the project are exempt on religious grounds under Section 304.2 of the Workers' Compensation Act.

Please explain: _____

- Other: Please explain: _____

My signature on behalf of or as the contractor/applicant for this building permit constitutes my verification that the statements contained here are true, and that I am subject to the penalty of 18 Pa. C.S.A. §4904 relating to un-sworn falsifications to authorities.

Signature: _____ Title: _____

1. Any subcontractors used on this project will be required to carry their own worker's compensation coverage.
2. The applicant is not permitted to employ any individual to perform work on this project pursuant to the permit in violation of the Act.
3. Violation of the Workers' Compensation Act or the terms of this permit will subject the applicant to a stop-work order and other fines and penalties provided by law.

IMPORTANT: Section N1102.4 of the 2015 International Residential Code requires that: An Air Leakage Test is performed by an approved third party testing and verifying that the building has an air leakage rate of not exceeding 5* air changes per hour. (*as amended by PA-UCC)

***** SELECT TYPE OF ENERGY CODE COMPLIANCE *****

REScheck ATTACH COMPLIANCE CERTIFICATE

REScheck SOFTWARE CAN BE OBTAINED AT: www.energycodes.gov

NOTE: - Section N1101.14 of the 2015 International Residential Code requires that: A permanent certificate shall be posted on a wall in the space where the furnace is located. The certificate shall be completed by the builder or registered design professional. The certificate shall list the predominate R-values of insulation installed in or on ceiling/roof, walls, foundation (slab, basement wall, crawlspace wall and/or floor) and ducts outside conditioned spaces; U-factors for fenestration; and the solar heat gain coefficient (SHGC) of fenestration.

===== OR =====

SIMPLIFIED PRESCRIPTIVE BUILDING ENVELOPE THERMAL COMPONENT CRITERIA

CLIMATE ZONE 5 REQUIREMENTS

FENESTRATION - (WINDOWS)	U-0.32	SKYLIGHTS	U-0.55
CEILING	R-49	WOOD FRAME WALLS	R-20 or R-13 & R-5 h
MASS WALLS	R-13/17	FLOORS	R-30 g
BASEMENTS	R-15/19c	SLABS	R-10 - 2' d
CRAWLSPACES	R-15/19c		

c. 15/19 means R-15 continuous insulation on the interior or exterior of the home or R-19 cavity insulation at the interior of the basement wall. 15/19 shall be permitted to be met with R-13 cavity insulation on the exterior of the basement wall plus R-5 continuous insulation on the interior or exterior of the home.

d. R-5 shall be added to the required slab edge R-values for heated slabs. Insulation depth shall be the depth of the footing or 2 feet, whichever is less in Zones 1 through 3 for heated slabs.

g. Or insulation sufficient to fill y=the framing cavity, R-19 minimum.

h. The first value is cavity insulation, the second value is continuous insulation, so "13+5" means R-13 cavity insulation plus R-5 continuous insulation.

SIGN ENERGY COMPLIANCE FORM

My signature on behalf of or as the contractor / applicant for this building permit constitutes that I will comply with energy code as outlined in the Rescheck certificate attached or the climate zone checked above.

Chapter 102 Fact Sheet

<http://www.pacode.com/secure/data/025/chapter102/chap102toc.html>

- Any earth disturbance over **5,000 square feet** requires a written erosion and sediment control plan and it must be available on site.

IF DISTURBING MORE THAN 1 ACRE READ BELOW

- NPDES permits are required for any earth disturbance activity that **disturbs 1 acre or greater**, regardless of whether the activity results in a point source discharge. **102.5 (a)**
- **General NPDES-** \$500 – payable to WCD Clean Water Fund
\$100/disturbed acre – payable to Commonwealth Clean Water Fund
Individual NPDES- \$1,500 – payable to WCD Clean Water Fund
\$100/disturbed acre – payable to Commonwealth Clean Water Fund – **102.6(b)**
- Written erosion and sediment (E&S) control plans are required for both **agricultural plowing and tilling** activities that disturb over 5,000 square feet AND **animal heavy use areas** that disturb over 5,000 square feet. The E&S plan must identify all "Surface Waters of the Commonwealth".
102.4 (a)
- **Inspection reports** and monitoring records should be **available on site**. They can be maintained electronically as long as a copy can be produced when requested by the Westmoreland Conservation District (WCD) or Department of Environmental Protection (DEP). **102.4(b)**
- A **pre-construction meeting** must be held for any earth disturbance activity which is authorized by a permit. Any person who has a role in the design or implementation of the E&S control plan or post-construction stormwater management (PCSM) plan must attend this meeting. **102.5(e)**
- A Notice of Termination (NOT) must be submitted to the WCD or DEP which identifies the person(s) responsible for the **long-term operation and maintenance** of PCSM best management practices (BMP's). **102.7(a)**
- "**Record Drawings**" of PCSM structures, with a final certification, should be included with the NOT.
102.8(l)
- **Permit Renewals:** A person conducting earth disturbance activities under a permit issued before November 19, 2010, and renewed prior to January 1, 2013, shall implement, operate, and maintain the PCSM requirements in accordance with the terms and conditions of the existing permit. After January 1, 2013, the renewal of a permit issued before November 19, 2010 shall comply with the requirements new permit. **102.8 (a) Renewals need submitted 180 days before expiration.**
 - **NOTE: Currently, NPDES permits which are being issued are valid for 5 years. ESCGP-2 permits are valid for 5 years.**
- A **licensed professional** or designee shall be present on site and be responsible during critical stages of PCSM installations. Critical stages may include the installation of underground facilities, structurally engineered BMP's, or other BMP's identified by WCD or DEP. **102.8(k)**

(OVER)

- New buffer requirements: 150' **riparian buffer** required when site is located in high quality (HQ) or exceptional value (EV) watersheds. Also requires protection of any existing buffer. A 150' **riparian forest buffer** required when the site is located in HQ or EV category 4 or 5 impaired stream watershed.
102.14(a)
 - 86,000 – stream miles in PA
 - 26,000 – miles designated HQ or EV – requires **riparian buffer**
 - 700 – miles designated HQ/EV category 4 or 5 impaired – requires **riparian forest buffer**
- Buffers must be **protected in perpetuity** through deed restrictions, conservation easements, local ordinance, or permit conditions. Proof should be submitted with the NOT. **102.14(g)**
- A **stream ReLeaf form** must be submitted to WCD or DEP within one year of buffer establishment
102.14(h)
- **Temporary stabilization** must be applied to a site when cessation of earth disturbance activities will exceed 4 days. **102.22**
- A municipality or county which issues building or other permits shall **notify the WCD or DEP within 5 days** of receipt of the application for a permit involving an earth disturbance activity consisting of 1 acre or more. **102.42**
- With the exception of local stormwater approvals or authorizations, **a municipality or county may not issue a building or other permit** approval to those proposing or conducting earth disturbance activities requiring a DEP permit until the WCD or DEP has issued the E&S or individual NPDES permit, or approved coverage under the general NPDES permit. **102.43**
- **New technologies** must be submitted to Darl Rosenquest/DEP for approvals. WCD cannot grant approvals.

Ordinance 05-2005

AN ORDINANCE OF THE TOWNSHIP OF ALLEGHENY, COUNTY OF WESTMORELAND, COMMONWEALTH OF PENNSYLVANIA, REQUIRING THE POSTING OF STREET NUMBERS ON ALL PRINCIPAL BUILDINGS AND DWELLINGS WITHIN ALLEGHENY TOWNSHIP

An Ordinance of Allegheny Township, Westmoreland County, Pennsylvania, requiring the posting of street numbers on all principle buildings and dwellings within Allegheny Township

WHEREAS, Allegheny Township desires to protect the health, safety and welfare of its residents; and

WHEREAS, a thoroughness and uniformity in the posting of street numbers throughout the Township will aid in the immediate response of police, fire and medical personnel to situations which pose a threat to such health, safety and welfare; and

NOW, THEREFORE, THE FOLLOWING IS ENACTED INTO LAW:

Section 1: Purpose: The purpose of this ordinance is to require the clear display of authorized and assigned house or building numbers on every dwelling or business in Allegheny Township in order to assist the general public and emergency services, public and private, in identifying any property in case of emergency or otherwise.

Section 2: Definitions: The terms "principal building" and "dwelling" are defined in Chapter 250 of the Allegheny Township Code.

 Section 3: Display of Assigned Number Required: The owner, occupant or lessee of each and every structure which now fronts or which may hereafter front upon any public or private street or highway within Allegheny Township who has been assigned a number prior to the effective date of this chapter shall, at his own expense, within ninety (90) days after the effective date of this chapter, cause the authorized and assigned number of such structure to be permanently and conspicuously placed in accordance with the specifications set forth herein. Any owner who has not been assigned a number prior to the effective date of this chapter shall, within thirty (30) days after the assignment of such number, comply with the requirements of this section.

Section 4: Visibility and Placement

- A. Visibility is defined by factors including, but not limited to, distinction from the background upon which the number is posted, distance from the street, porches, trees and other objects that may prohibit ease of recognition of the posted numbers from the street. Visibility shall also include ability of emergency personnel (fire, police, ambulance) to use said posted number to identify the building or dwelling unit from the street to which building is being addressed.
- B. Said identification must be posted in a place where it is clearly visible from the street to which the building is addressed and must be posted in at least one of the following locations:
1. Street numbers shall be placed on or within three (3) feet of either side of the door facing the street to which the building or dwelling is addressed, wherever most visible. If such placement is not possible or visible due to the features of the structure, said address may be posted in an alternate location.
 2. If the structure is not visible from the street, numbers may be placed on a post, mailbox, sign or similar object erected clearly in the front yard or to the side of the driveway servicing such building or dwelling.
 3. Houses that have mailboxes on the side opposite their house, shall be required to post an address on the same side as the house.
 4. Numbers shall be sufficiently legible as to contrasting background, arrangement, relectiveness, spacing and uniformity so as to be clearly visible from the street.
-  C. Townhouses: In addition to the number on the front of the house, all townhouses shall display identical numbers on the rear of the building in a prominent place so that the numbers are clearly visible from the sidewalk along the rear of the property.

Section 5: Obstruction of Numbers Prohibited: No numbers shall be placed so that they will be hidden at any time by obstructions, screen or storm doors, grass, shrubbery or trees. It shall be a violation of this chapter to obstruct or cause to be obstructed any numbers placed in conformity with this chapter.

Section 6: Violations and penalties: Any person who violates or permits a violation of this chapter shall, upon conviction in a summary proceeding brought before a District Justice under the Pennsylvania Rules of Criminal

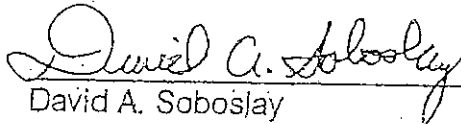

Procedure, be guilty of a summary offense and shall be punishable by a fine not more than \$1,000, plus costs of prosecution. In default of payment thereof, the defendant may be sentenced to imprisonment for a term not exceeding 90 days. Each day or portion thereof that such violation continues or is permitted to continue shall constitute a separate offense, and each section of this chapter that is violated shall also constitute a separate offense.

Section 7: Effective Date: The effective date of this ordinance shall be October 10, 2005.

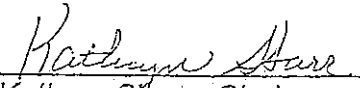

ORDAINED AND ENACTED THIS 10th DAY OF OCTOBER 2005.
